

Different options in SO₂ analysis of ingredients, raw materials and F&B samples [11/03/25](#)

Topics: introduction, official method to determine SO₂, improved alternative methods, direct comparison of the methods, Q&A Finland: 15 - 16 EET

Determination of Crude Fibre, ADF, NDF, ADL in Feedstuff [24/03/25](#)

Topics: introductory discussion and presentation, theoretical background of fibre analysis, sample Preparation, how to do a fibre analysis, quality control Finland: 11 - 12.30 EET

Fat determination according to Weibull-Stoldt [02/04/25](#)

Topics: introduction, sample preparation of fat containing samples, hydrochloric acid digestion (Hydrolysis), extraction, quality assurance Finland: 11 - 12.30 EET

Solid/Liquid extractions in the environmental laboratory [28/04/25](#)

Mastering Environmental Analysis with SOXTHERM Finland: 16 - 17.30 EET
How SOXTHERM optimizes extraction processes for environmental samples, best practices for analyzing POPs in feed, soil, and water, tips for improving your extraction method

Nitrogen analysis according to Jean Dumas [30/04/25](#)

Topics: the reference methods Kjeldahl and Dumas in comparison, N-Realyzer, carrying out analyses with N-Realyzer, quality assurance, the Dumas procedure in national and international norms Finland: 11 - 12.30 EET

Qualification of Protein in Feeding Stuff **2 times - Register via the times link** [12/05/25](#)

Why do we need protein? Importance of protein qualification in animal feed, crude Protein fractionation (CNCPS) – VDLUFA Method, protein digestibility – Pepsin cellulase, protein solubility – KOH method, determination of chitin to evaluate the true protein content in insect productser Webinar Finland: 9.30 - 11
Finland: 16.30 - 18
EET

Nitrogen analysis according to the Kjeldahl method [18/06/25](#)

Topics: principle and analytical approaches for difficult samples, digestion with sulfuric acid and catalyst, distillation and titration, quality assurance Finland: 11 - 13 EET

Please note

Live webinars from the video studio, participation is **free of charge** for you.
To register, click on the dates or register at www.gerhardt.de/en/know-how/webinars/.
We look forward to seeing you!
